

**What we already know:**

Familiarity with the local area and the four countries which make up the UK. Key physical features, such as; mountains, beaches and forests. Simple compass directions using the four main compass points.

# Year 3 – UK Study

**What's next?**

Comparing the human and physical geography of two different counties and commenting on their land use. More sophisticated use of all eight compass points to describe location ready for our Europe study.

**Geographical questions: Where are we in the country? Where are the big cities of the UK? How do different counties compare to each other? What is different about the South West region of England? What is similar about farmland in different countries?**

Locational Knowledge	Human Geography	Physical Geography	Sustainability	Vocab
<ul style="list-style-type: none"> <li>• Naming and locating the UK counties.</li> <li>• Naming and locating major cities in the UK.</li> <li>• Describing the position of counties and cities using compass points.</li> <li>• Locating and describing regions of the UK and what cities are within those regions.</li> </ul>	<ul style="list-style-type: none"> <li>• Investigating the tourism and population of two counties: Cumbria and Northamptonshire.</li> <li>• Understanding what it means to be a rural area versus an urban area.</li> <li>• Understanding that cities and urban landscapes have an impact on the counties population and land use.</li> <li>• Investigating the impact of tourism on the human geography of the Southwest.</li> </ul>	<ul style="list-style-type: none"> <li>• Identifying and comparing the landscape of two different counties: Cumbria and Northamptonshire.</li> <li>• Investigating the two counties main physical features; Scafell Pike and the lakes, in particular.</li> <li>• Understanding how the coastal nature of the Southwest impacts upon the tourism.</li> </ul>	<ul style="list-style-type: none"> <li>• To understand land use and how the location of different regions and counties impacts upon farming and industry.</li> </ul>	<p style="text-align: center;">Tier One</p> <hr/> <p style="text-align: center;">Tier Two</p> <p>Northwest, Northeast, Southeast, Southwest, Capital, Cities, City, Located, Human, Physical, Landscape</p>
